SUMMARY OF PROPOSAL

The proposed provides notice to the public that the Division of Medicaid and Medical Assistance (DMMA) intends to amend the Title XIX Medicaid State Plan regarding State Survey Agency, specifically, *a change in the administrative authority of the State Long-Term Care Ombudsman Program*.

Statutory Authority

- Social Security Act §1919(g)(1)(C), *Survey and Certification Process*
- Older Americans Act, Title VII
- 146th General Assembly, Senate Bill 102, *An Act to Amend Title 16 of the Delaware Code Relating to the Long-Term Care Ombudsman*

Background

The State Long-Term Care Ombudsman program was established by Title III of the Older Americans Act (OAA) in 1978 as a demonstration program and was transferred to a new Title VII of the OAA (which also includes other programs) in 1992. With enactment States are required to establish and operate an Office of the State Long-Term Care Ombudsman, headed by the State Long-Term Care Ombudsman. The Ombudsman Program identifies, investigates and resolves complaints made by or on behalf of residents of nursing, board and care and similar adult care homes; addresses major issues which affect residents; works to educate residents, nursing home personnel and the public about residents rights and other matters affecting residents; and performs other functions specified in the Act to protect the health, safety, welfare and rights of residents.

Today, the Ombudsman Program exists in all states, the District of Columbia, Puerto Rico and Guam, under the authorization of the Older Americans Act. Each state has an Office of the State Long-Term Care Ombudsman, headed by a full-time state ombudsman assisting residents and their families and providing a voice for those unable to speak for themselves.

Delaware's Ombudsman Program has received Medicaid funding since 1990 and was previously administered through the Delaware Division of Services for Aging and Adults with Physical Disabilities (DSAAPD).

Summary of Proposal

What Prompted the Change?

Delaware Health and Social Services (DHSS) received authorization in State Fiscal Year 2011 Budget Bill to consolidate the three (3) long-term care facilities, Delaware Hospital for the Chronically Ill (DHCI), Emily P. Bissell Hospital (EPBH), and Governor Bacon Health Center (GBHC) into the Division of Services for Aging and Adults with Physical Disabilities (DSAAPD). The consolidation was implemented to improve access to services as the needs of the residents of the three facilities are similar to the needs of DSAAPD's overall target population. The perception of a conflict of interest would have been created if the same Division Director supervised the three facilities and supervised the Long Term Care

Ombudsman Program (LTCOP), which is charged with monitoring clients' rights of the residents who live there. Federal regulations require the Ombudsman program be in a Division separate from long-term care facilities.

Authorized by Senate Bill 102 (146th General Assembly) and signed into law by the Governor on July 13, 2011, this change was not only to enhance crucial constituent services consistent with the Secretary's focus on client advocacy and protections and to elevate their visibility across the Department and State Government, but also to address the possible perception of a conflict of interest which would exist if the program remained within the DSAAPD, which now houses the long term care facilities. The effective date of the transition was January 1, 2011.

Summary of Proposed Amendment

As referenced above, the Medicaid State plan will be amended at General Program Administration, 4.40(d), *Survey & Certification Process* to identify a change in the administrative authority over the State Long-Term Care Ombudsman Program from the DSAAPD to the Office of the Secretary, Delaware Health and Social Services (DHSS). DHSS is the designated single State agency responsible for the administration of Delaware Medicaid.

The provisions of this state plan amendment are subject to approval by the Centers for Medicare and Medicaid Services (CMS).

Fiscal Impact Statement

This plan amendment imposes no increase in cost on the General Fund.
